

# YOUR HEALTH IS IMPORTANT. AND NOW IT'S MOBILE.

INTRODUCING THE MYCARECORNER

MOBILE APP

Now there's a mobile version of MyCareCorner that gives you access to your personal health records, including appointments, current medication list, allergies and more — from anywhere with internet access. You'll get all the benefits of the MyCareCorner patient portal, with additional conveniences.

**Empowered:** Having real time access to your health data and to your care team means you're more actively involved in your own healthcare

**Healthy:** Having the ability to easily stay in (digital) touch with your doctors and other clinical staff from anywhere, at any time via a mobile device, means staying on top of appointments, test results, immunizations and more, which helps improve care outcomes

**Secure:** Just like the desktop version, the app is built on a secure platform

**Collaborative:** If you so choose, family members and other care givers can access your health record. They can simply sign into the mobile app with their current credentials, after access has been shared.

Like the desktop version, you can access your personal health records from hospitals, clinics and specialty care, now more conveniently than ever.

## FEATURES INCLUDE:

- Allergies

## HOME

**Recent Data Tiles**  
Informs you of any recent data entries and allows for quick access to that widget. Tiles can be swiped horizontally.

**Medical History Tiles**  
Quick access to your medical history.

**Home**  
At any point you can return to the home page by clicking on this button.

**Health Record**  
Add, view, edit and delete a list of your organized health values.

**Lab Results** View all of your current and previous lab results.

**Medications**  
Access a list of your past and present medication.

**Profile**  
Manage and update your account settings and maintain multiple records through the profile button.

**Secure Messaging**  
You can communicate with your provider at any time with any questions or concerns. You also can attach photos and files to the message.

## DOWNLOAD THE MYCARECORNER APP WITH THESE EASY STEPS:

- 1.) Once you receive an email to join MyCareCorner, click the link in the email to create your account.
- 2.) After creating an account, download MyCareCorner from your App Store or Google Play Store.
- 3.) Now that the MyCareCorner app is downloaded on your phone, log in with the account you just created so you can have any time access to your record.
- 4.) You will be prompted to create a 4-digit pin for simple sign-in in the future.
